Event idea:-Blind coding : Keep the screen of and ask the contestant to code a program.
Blind Coding is where a programmer works on code without running it until completion. Normally this is a terrible idea but it makes for a very fun challenge!.

Rules:-
•Each participant has to write the code for given problem, with MONITOR OFF.

•If you able to do code on copy then you will be switch on the MONITOR.

•Participants whose code gets executed will be given higher preference.

•The second preference will be given to code with least number of errors.

•In case of tie in number of errors, TIME of SUBMISSION will be considered.

•Shortlisted participants of Round-1 will appear for Round-2 for which above rules are applicable.
